

Pool Safety Pre-Inspection Checklist

Before you give us a call you could quickly check the safety of your pool fence and gate by using the check list below. Give us a call if you find one or several problems!

Item Checklist	
<input type="checkbox"/>	Do I have a pool fence separating my pool from my neighbours?
<input type="checkbox"/>	Is the outside of my pool fence at least 1.2 metres high all the way around the pool?
<input type="checkbox"/>	Does my fence have restricting access from my house to my pool?
<input type="checkbox"/>	All near vertical or vertical fence uprights are no more than 100 millimetres apart
<input type="checkbox"/>	Is the bottom of my pool fence no more than 100 millimetres off the ground?
<input type="checkbox"/>	Is the top of my fence no less than 900 millimetres above my low horizontal fence rails?
<input type="checkbox"/>	Are all near horizontal and horizontal fence rails no less than 900 millimetres apart?
<input type="checkbox"/>	Is my pool fence no less than 900 millimetres away from any object that could potentially allow a child to climb over the fence? Trees, furniture, rocks?
<input type="checkbox"/>	Is my pool fence well maintained? Are there holes or broken posts?
<input type="checkbox"/>	Does my pool gate closes by itself from any position?
<input type="checkbox"/>	Does my gate latches by itself after you close it?
<input type="checkbox"/>	Does my pool gate opens away from the pool?
<input type="checkbox"/>	Do I have a latch release which is no less than 1.5 metres above the ground? Or Is it covered so a child can't open the gate?
